# Nintendo switch

This tablet is very good for people who want to play games everywhere. You can connect this tablet to your TV and play games on a bigger screen. You will be able to play many good graphic designed games and many games for two players from Bethesda, Codemasters, Electronic Arts, Konami Digital Entertainment, SEGA Games, Take-Two Interactive Software and Ubisoft. This tablet contains the chipset Nvidia Tegra X1, which is 35× more powerful than the Apple TV.

There are two wireless controllers which are portable so you can play with your friends. You can disconnect them or plug them into the main console for more comfortable gameplay.

If everything that Nintendo says comes true, then they will get a lot of money for this console. This Nintendo console will cost approximately £199 (225\$/ 7990 Kč) and you will be able to buy this console in spring 2017.

# Do you have a clean computer?

Keeping your computer clean is very important. It can lower your case temperature and prevent components from being damaged. You should clean your computer when needed. I recommend you to buy a can of compressed air but you can also use a vacuum cleaner. To prevent damage to your computer, you can use antistatic gloves, tools or pads.

## STEP ONE:

Unplug your computer from everything.

## STEP TWO:

Remove the side panel of your computer case. You will probably only need to remove 2 screws. After this you will see all the components which are most likely covered with dust.

## STEP THREE:

Now it's time to use your can of compressed air or a vacuum cleaner to get rid of as much dust as possible. Be careful when blowing air through fans. You must make sure that they don't spin. You can do that easily by sticking a screwdriver into them.

## STEP FOUR:

Assemble everything together and enjoy your clean computer.

# JUDO

Judo is most popular battle sport.  
It was created by Jigoro Kano in 1882.  
Jigoro Kano created it because he was bullied  
In 1964 judo became an Olympic sport.

Two basic judo passwords are:

*Minimum effort - maximum efficiency*

The first principle means as efficiently as possible  
its strength and enables defeat a physically  
stronger opponent.

The second principle teaches respect between  
people.

## JUDO

### RULES:

*Men* - 5 minutes' match.

*Women* - 4 minutes' match.

You can win only on points.

They are 3 ways to win.

*Juko* - Throw your opponent on his side - 5  
points.

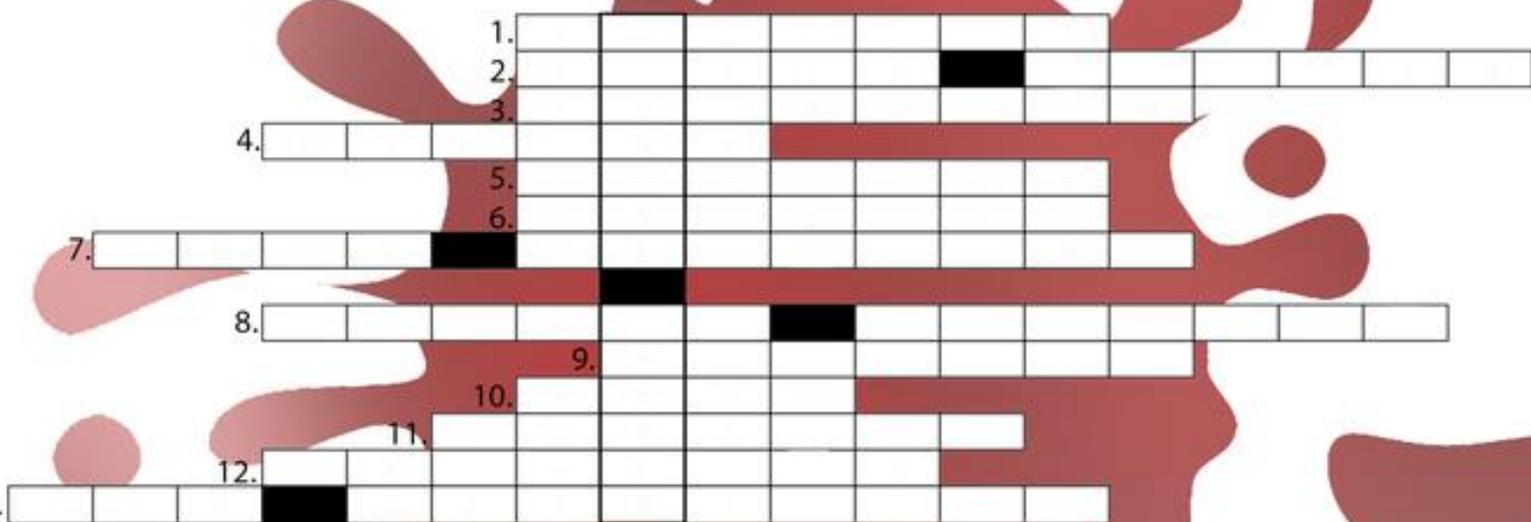

*Wazari* - Throw your opponent on 1/2 back - 7  
points.

*Ippon* - Throw your opponent on his back - 10 points, and you are winner.

You get points for possession, if you can keep opponents on the ropes 20 seconds you  
are winner.

There is 75% water in one banana.

# Best job for extroverts and introverts

Do you know who are extroverts and Introverts? It is so-called types of human personality. For easier insight, it will be explained in a few words.

Extravert is an active person who like talking with people and can be in society.

For such a person fits job which demands many lively action, talking with more people and knowing all news in their professional field.

Introverts are opposite to extraverts. They can't communicate as so long as those people. For their peace, this type of people prefers to work for yourself. Maybe it can be any job at home, maybe in small office, but certainly not in a huge group of people.

So, we slowly come to main topic on this page – which job will be the best for bluff people and closure ones. Let's try to find out which type of human personality are you. It's easy with small quiz on next page.

Answer each question on true or false, choosing the answers which are more suitable for you.

Are you an introvert or extrovert?		
1. People tell me, that I'm good listener.	TRUE	FALSE
2. I don't like to take risk in my life.	TRUE	FALSE
3. Noisy parties always tired me.	TRUE	FALSE
4. Most often I celebrate birthday and other holidays with family and one-two friends.	TRUE	FALSE
5. E-mail or messages are preferred more than calls.	TRUE	FALSE
6. I have a quiet voice and it is hard to hear me.	TRUE	FALSE
7. I enjoy solitude.	TRUE	FALSE
8. I think before saying something in talk.	TRUE	FALSE
9. Being at home alone is the greatest happiness.	TRUE	FALSE
10. Prefer to listen more than talk in group conversation.	TRUE	FALSE
11. I need to focus on the work to make it good.	TRUE	FALSE
12. I love talking one to one.	TRUE	FALSE

The more often you answered **TRUE**, the more **introverted** you are.

If you have more **FALSE**, you are more **extrovert**.

## Job for you

Extroverts	Introverts
Financial Advisor	Freelancer
Nurse	Archivist
Human Resources Specialist	Film/Video Editor
Public Relations Specialist	Financial Clerk
Teacher	Industrial Machine Repairer
Sales Representative	Computer programmer

# FILMS

## Deadpool

The movie came out on February 11<sup>th</sup> 2016. Its unofficial name was “X-men: Deadpool”. This superhero sci-fi comedy was made by Marvel.

### Content

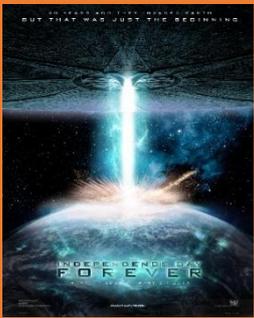

The main character’s name is Wade Wilson. He was member of the special forces, before doctors discovered he had an advanced stage of cancer. He decided to pass a special program named “Weapon X” which caused him to mutate. He no longer had cancer but he looked terrible. Therefore, he started to wear a costume and tried to hunt down and kill the person who made him ugly.

### Interesting fact

Ryan Reynolds wanted both writers to be on the shooting site to teach the actor how to act like Deadpool but the studio didn’t want to pay for that so Ryan Reynolds paid them with his own money.

### Our opinion

It’s a funny movie but some scenes are a bit boring, like for example the scene where the Deadpool is in the “factory” for superheroes. Other than that, it is an amazing film for long evenings and a group of friends with same type of humour.

## Independence Day: Resurgence

The movie came out June 20<sup>th</sup> 2016. The unofficial name was “Independence Day 2”.

### Content

Twenty years after the failed alien invasion, humanity with alien technology set up “Earth Space Defence”. This system had to warn humanity before next alien attack and was built on the Moon, Mars and Rhea (one of the Saturn’s moons). The main centre of “ESD” was in Area 51 in Nevada.

After the next twenty years, they get an alert. It was a space ship different from the aliens that invaded them before. The American president decided to shoot it down but it failed and the space ship attacked the Earth, destroying all of Asia and Europe. They started to “harvest” humanity.

Humanity attacked the ship with huge explosions from fusion weapons to shut down massive shield. They wanted to attack the queen of the aliens, they fired but she had an energy shield. They fired several times and the queen’s energy shield started to collapse. When the Alien queen was dead, her fighters retreated to their ship and left the Earth.

### Interesting fact

The actor Will Smith refused to repeat his role from first film.

### Our opinion

This film has impressive graphics and a great story. We could say it is as good as the first movie.

# Local Coop games

## BroForce

This game was developed by a team of teenagers. It's a two-dimensional game for 1-4 players on one PC and it is an ordinary co-op game. In the game, you play as a "hero" from films like the Terminator, Predator, etc.

It's always fun to play because you can die many times. In the first half of the game you play against people (or terrorists) and in the second half you play against aliens and the devil. There are lots of bosses and some of them are hard to defeat.

### Our opinion

This game is fun if you have friends or siblings to play together with in co-op.

## Shadowgrounds

This is one of the oldest co-op games with great graphics for 1-4 players made by Frozenbyte. The story is all about a space colony on one of Jupiter's moons in the year 2096. The main character is an engineer called Wesley Tyler. Most of the time you will only have to kill enemy biomechs but some missions are hard and you must do things like defending the weather station. There are powerful bosses and many enemies.

### Our opinion

This game is good for everyone who likes scary games and typical killing games where you don't need to think.

## The Mean Greens: Plastic Warfare

Despite being one of the oldest games, it remains popular and many people who like shooting games play it. There is a war between two armies of plastic soldiers coloured green and tan. The armies use vehicles and guns that were used in WWII and there is no blood, only lots of fun.

### Our opinion

It's a good game for everyone. It's a fun and non-brutal game, and what surprises us is that the developers of the game are still working on it to make better graphics.

# osu!

osu! is a free to play online game but you can also play it offline. It's a rhythm game with four modes: osu!, Taiko, CatchTheBeat and Mania. The first version of osu! was made in 2007 by peppy, an Australian man named Dean Herbert. He shared the game with friends while he improved it and the first public version of the game was released a couple months later.

In standard osu! you click circles and drag sliders, in Taiko you play the drums, in CtB you catch fruit with a catcher and in Mania you have something like a piano roll where you press the right keys when the notes reach the bottom. All modes other than standard osu! are played only with your keyboard and standard osu! is played with a keyboard and a mouse or a graphic tablet.

The game is contributed to by players. You can make your own beatmap, which is something like a game level. You can then share it with other players. If a beatmap is good enough, it can be ranked. Ranked beatmaps can give you performance points if you play them well. Performance points (pp) determine your world and country rank among players.

# Interview

## Hello, could you introduce yourself?

Hi, my name is Michal Provazník, right now I am 19 years old. I am studying IT at SPŠE V Úžlabině.

## What subjects are in final exam?

My final exams are Czech, English language and IT subjects.

## What are you going to do after your final exam? University or work?

I would like to go to university, but I have not yet found a perfect one...as it seems I will be going to ČVUT-FIT.

## Are you worried about getting a job?

Quite so, I don't worry that much about getting one, such I worry about it being enjoyable.

## Would you like to work in foreign countries?

I would really love to! Even since any brothers did so, I have dreamed about leaving the Czech Republic for work. I would love to work in one of the English-speaking countries.

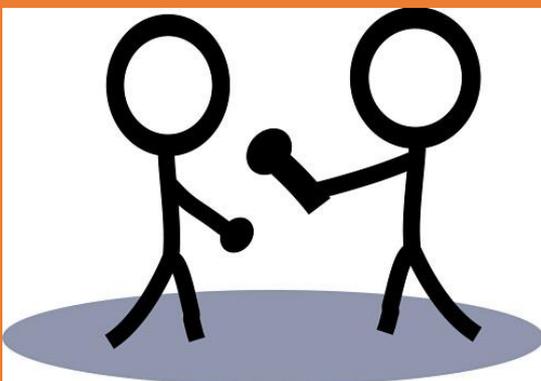

## How much do you study for your final exam?

Since I have been quite nervous I asked a high school teacher from another school to help me prepare for Czech and even share his opinions about certain authors from Czech history.

## Do you have any free time?

Thankfully, yes. Since I stopped playing the flute, I have quite a lot of free time.

*Thank you, Michal, and we wish you good luck.*

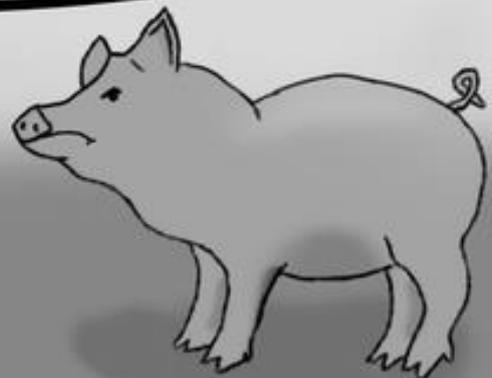

**Hey  
Piggy, I know  
your fate.**

**Oh really?  
Did you read my  
horoscope?**

**Oh, not really a horoscope,  
but I read a beautiful cookbook.**
